

Taiwan Initiatives – A Collaborative effort led by God’s Spirit

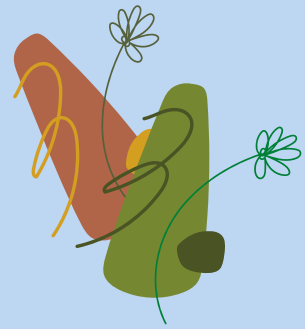

Missionary Prayer Letter

September – October 2023

Kenneth Law

中國基督教播道會香港差會
Evangelical Free Church of China -
Hong Kong Overseas Missions Board

Several leaders of EFCA (Evangelical Free Church of America) visited Hong Kong this past July, with the purpose of enhancing the friendship between EFCA and EFCC, as well as to further our collaboration on overseas mission work. The visiting leaders were very impressed with our Taiwan mission project, and pledged to help with the recruitment of missionaries to Taiwan.

Presently four EFC (Evangelical Free Church) denominations from several regions (including Hong Kong, USA, Singapore and Malaysia) are participating in this multi-national mission project. Now that my wife and I have been granted the missionary visas to Taiwan, we are all working hard on missionary recruitment and fund raising.

For missionaries, not only do we need appropriately trained pastors and church planters, we are also looking for Christians who are skilled in administration, counselling and English tutoring. Several Taiwanese churches have expressed desire to work with us to establish bi-lingual (English and Mandarin) churches. We also plan to plant bi-lingual churches on our own. Hence we are hoping to recruit a sizable number of mission workers.

As for the funds required for this project, each missionary is responsible for raising his/her support. In addition, we have established a “common pool” fund to cover expenditure associated with registration, rent, renovation, equipment and operation expenses. Since I have been appointed the Executive Director for this project, I am also sharing the responsibility for this common-pool fund raising.

Prayer Items

- | | |
|---|---|
| Workers | This has now become the critical task in our plan. Of particular importance is to recruit missionaries who speak English as native language. |
| Funding | Pray for God’s provision. EFC from each country will be supporting the missionaries they send to Taiwan, as well as contributing towards a “common pool” fund as mentioned earlier. The annual fund raising target for Hong Kong is \$1.8 MM (HKD). |
| Our Health | Pray that the Lord will give Vania and myself the health and energy to carry out the task of leading this multi-national mission team. |
| Church planting strategy – Pray for wisdom. | |
| Pray for the revival of the church in Taiwan. | |
